R3 Shakira Proposal Client Debrief

Big Idea Confirmed: It all starts with a Ling Qi moment

1. The Big idea Guideline and Principle - Nov.17

- The idea articulation of the Ling Qi moment → Define Ling Qi Moment

Content Example:
What is Ling Qi moment and what is not, provide one to two examples under each directions
LingQi is →Emotional, mindful uplifting , be different, from good to great
LingQi is not → Not a problem solving issue, not a physically better situation
*Occasions: Working break time (Can be big or small activities like playing video games, drinking milk tea, etc.)

2. Key Visual - This week

- Prefer: focus on product, 3D direction (because it has real fruit and refreshed bubbles)

1) Must have elements: 灵机一动/ 脉动 & 灵汽 Logo (the ratio of the two logos can refer to its package)/ 全新上市/ the three dots of Ling Qi logo
2) The KV needs to feature both flavors (lime and orange)
3) We have to reconsider about the background color since both the colors in the options are close to lemon and orange
4) Vertical or horizontal version can be decided by our own creative
5) *Please use the new package of Ling Qi; the KV demo needs to be complete so the client can use it to brief other agencies & vendors.

3. Social Plan - This week

- How to amplify the idea on social media
- To give principles and examples on social media platforms like Douyin, so KOL and social media agencies can have a better idea on how to leverage this idea
